SUGAR PLUM PRETTY

Charm your way to the top of the holiday VIP list with one of this season's most enchanting looks: a wash of shimmery purple on eyes, softly flushed cheeks and glossy pink party-ready lips.

FACE

Blend Photo Finish Foundation Primer all over face using fingertips for a flawless complexion. Using Foundation Brush #13, apply High Definition Healthy FX Foundation starting at the center of the face and blending out. For a soft highlight, sweep Photo Op Under Eye Brightener under eyes, over the high planes of cheeks and on cupid's bow. For an airbrushed effect, use Travel Blending Brush from WISH for the Perfect Tools Kit and sweep High Definition Concealer under eyes and dab and blend over any imperfections. Give cheeks a rosy flush by applying O-Glow Intuitive Cheek Color with fingers.

EYES

First apply Photo Finish Lid Primer for budge-proof shadow. Using Eye WISH Palette, apply the matte nude pink shadow from lashline to brow using Travel Blending Brush. Next, sweep the amethyst shadow over lids using Travel Shadow Liner Brush. Add definition by blending cabernet shade into outer corners using Travel Crease Brush. Line eyes with the deep wine cream liner using Travel Angled Precision Liner Brush. Sweep Jet Set Waterproof Liner in Midnight Purple along the inner rim using Arced Liner Brush #21. Complete the eyes with coat after coat of Lash DNA Mascara in Jet Black.

LIPS

Generously apply Lip Enhancing Gloss in Candy from the WISH for the Perfect Pout Kit, followed by a dab of Illume in the center of the bottom lip for extra shine.
